Thrift Is Preparedness

Financial strength is to nations as important as military strength. No nation can survive a war if it cannot finance itself.

The man who fortifies himself with an account in a savings bank does more than prepare himself—he contributes to the preparedness of the country.

Germany, unable to borrow from other countries, has been financed by the thrift of her people, as this thrift was expressed in accounts in savings banks.

A savings bank deposit helps the nation and is indispensable to the individual.

GRADE NOTES

Albert Snyder has entered the third grade.

Marie Wilt was absent from the fifth grade last week.

John Snyder has entered the first grade.

Laura Monroe has entered the sixth grade, making an enrollment of 39.

HIGH SCHOOL NOTES

The Junior girls entertained the members of the class and the High school teachers in the Kindergarten room Monday evening. Cross questions and crooked answers, shouting, proverbs, relay races, lemon, lemon, and a number of other games were played. Before going home lunch was served. All reported a good time.

English IX has finished the study of punctuation, and will soon start description.

The Greek history classes are learning to distinguish the important Greek gods and goddesses in art.

Miss McCall's rhetorical division has been organized, and will give its first program soon, probably two weeks from Friday.

Be on hand at the first home football game Friday, Oct. 20th.

The Seniors are planning to give a Halloween party in Central hall on Friday evening, Oct. 27th. The entertainment committee is preparing a fine program. The Seniors are striving to make this a model party. The 6th, 7th and 8th grades, the High school and outsiders are invited. Admission ten cents.

The girls are very enthusiastic over their new basket ball standards and baskets.

Teachers' meeting Oct. 17 was an especially interesting one. Mr. Drouyor read several articles of special interest to the teachers.

New tonic for failures:—Ketchup. Where? At any grocery.

The American history class enjoyed a written lesson Tuesday.

A girl in the act of yawning, while in a prominent professor's class, was promptly asked to state the question which had just been asked.

Blushing Girl:—"I can't state it, sir."

Professor:—"Well, I guess you swallowed it."

Don't forget the football game on Friday, Oct. 20.

Teacher:—"And thus, class, we find the value of X is zero."

Weary Student (in despair):—"All of that work for nothing."

M. P. Church Notes

REV. F. L. CRANDALL, Pastor.

"To everything there is a season, and a time to every purpose under the heaven" and surely these beautiful sabbath days are a fitting time to come together and worship God. A large congregation greeted our pastor both morning and evening last Sunday. Subject for next Sunday morning, "Heaven's Waterway;" evening, "Master Craftsman."

The L. A. S. were pleasantly entertained at the home of Mrs. Ostrander on Wednesday afternoon. One new member was welcomed.

The Bible study at prayer service Thursday evening was very interesting. The subject was "Giants," and many new and before unheard of facts in connection with the topic were discovered.

Our choir will meet this week with Mrs. Than Graybill. All members requested to be present.

Rev. Charles of this place will preach a temperance sermon in the Cole church next Sunday afternoon. We expect many from this city will attend.

Rev. J. H. Rheingans Called.

At a congregational meeting held after the evening service in the Presbyterian church last Sunday, a call was extended to the Rev. J. H. Rheingans, of Pinnebog, who preached two sermons on Sunday as a candidate for pastor of this church.

He is a man of fine personality and made a good impression upon his hearers.

The call was accepted and it is probable that Rev. Rheingans and family will be settled in the manse by the first of November.

How To Improve Yale.

A meeting of the Citizens' Improvement Club was held in the Council Chamber Wednesday evening. About a dozen members were present. The question of having the Redpath Chautauqua next year was brought up and discussed. A motion was made and carried instructing Secretary Williams to cancel the contract entered into last August which provided that unless enough tickets were pledged to guarantee the amount required by the Redpath people the contract would not be effective.

It was decided to do something to revive interest and enthusiasm of the members in the Club, inviting new people to join, and get a larger attendance at each meeting. Regular monthly meetings will hereafter be held the second Wednesday evening at 7:30 standard time. The next meeting is on Wednesday, November 8th, and the question of "How to Improve Yale" will be presented for discussion. Every person, whether a member or not, interested in the advancement of our city is cordially invited. Come out and do your part.

The Gretchen Cox Company.

If the quality of the remaining numbers of the season's lecture course is anything as good as the first, success should be assured.

If a high grade, classical and altogether fine program is indicative of quality, then for the first number on the course, we were given something well worth listening to.

The Gretchen Cox Company, here last Thursday evening, consists of three persons, Miss Cox herself, who is a wonderful player of the violin, and certainly charmed her hearers.

The pianist, who besides having a rather remarkable skill at the keys, could also sing and gave several piano-logues, which were very pleasing.

The young gentleman who played the cello so beautifully, also sang a thoroughly good voice and sang a couple of solos to the delight of the audience.

A fair sized crowd was present to hear this entertainment, but it is hoped the hall will be filled to capacity for the next one. You cannot afford to miss these good things.

Additional Local

Rev. H. H. Donnenwerth, wife and daughter Marjorie, of Ewart, Mich., attended the Holt-Pohly wedding at the home of Mr. and Mrs. Geo. Holt, in Greenwood on Wednesday.

There has been considerable discussion of late as to whether or not a re-registration will take place in the city of Yale previous to the coming general election. We are informed from good authority that a re-registration will be made. Official notice will be published later.

T. H. Parkinson, who has been confined to his home for the past year or more, is slowly regaining his health. He feels quite strong and plans on making the trip to Capac in an auto in a few days to visit Mrs. Paterson. His friends will be pleased to learn of his improved condition.

The Light and Water Plant of Yale has undergone many decided improvements during the past month. The new pumps have been remodelled by replacing the direct connected drive with a silent chain drive which makes it much better in many ways. The water tank has been re-painted, likewise the barn at the plant and water hydrants about the city. The lawn has been graded and terraced. Everything is now in ship shape and those in charge are to be complimented.

President Wilson has, by proclamation, set aside Saturday, Oct. 21, and Sunday, Oct. 22, 1916, as joint days upon which the people of the United States may make such contributions as they feel disposed for the aid of the stricken Syrian and Armenian people who have suffered so terribly from the ravages of the great European war. Mrs. V. K. Rassey has received permission from Mayor McIntyre to solicit subscriptions from those who are willing to assist in the good work of helping the starving peoples, and she will call on you Saturday or Sunday. Give what you can as every little helps.

USED IT ELEVEN YEARS

There is one remedy that for years has given relief from coughs, colds, and whooping cough. Mrs. Chas. Rietz, Allen Mills, Pa., writes: "I have used Foley's Honey and Tar for the past 11 years and I would not be without it." It promptly relieves hoarseness, tickling throat and wheezy breathing. H. T. BIG FIRE AT EMMETT

Nearly Entire Business Section of Village Wiped Out.

Our sister village Emmett, to the south of Yale, was terribly stricken on Monday, when a fire, which proved most disastrous, started in the pool room at midnight in an unknown manner, and with the strong wind blowing quickly got beyond control and in a short three hours, out of 18 structures on the south side of the Grand Trunk tracks, only five remain standing. The wind was so strong and shifted in such a manner that buildings on both sides of the street were burning. Emmett has no water system, but every well and cistern were pressed into service and men and women worked like Trojans in their effort to conquer the stubborn flames.

Calls for help were sent out to Port Huron, Capac, Memphis and Goodells by the brave young telephone operator, Miss Vera Reid, who sat at her post warning all the villagers who had phones first and then sent the outside calls until the persistent flames were all about her and she was led out by her brother.

James J. McGrath, it is said, is the largest individual loser by the fire, with his loss estimated at \$15,000.

The bank loses about \$10,000 and more if the contents of the safe are injured.

It is reported that the work of rebuilding the village business houses will be begun as soon as necessary adjustments and plans can be made.

Holt-Pohly Nuptials.

The farm home of Mr. and Mrs. Geo. Holt was the scene of a very pretty wedding on Wednesday, October 18th, 1916, at twelve o'clock, noon, when their daughter Mary was united in marriage to Mr. Frank Pohly.

The ceremony was performed by Rev. F. A. Jones in the presence of only the immediate relatives and friends.

The bride was attended by her sister, Miss Lovina, while Mr. Albert Pohly, of Toledo, Ohio, brother of the groom, acted as best man.

After a sumptuous dinner the happy couple were accompanied by a number of their friends in automobiles to Port Huron. They will visit Detroit, Toledo and other places. On their return they will be at home to their friends at the farm of the groom south and east of Yale after November 15th.

The bride received many beautiful and useful presents. Their many friends extend the heartiest congratulations.

PREPARE THE CHILDREN FOR LATER YEARS

THERE is no more serious question for you to decide, Mr. and Mrs. Parent, than the kind of training your children are to have. In many homes education and training depend upon how much the parents can afford to spend.

What about Your Boy and Girl?

Will Willie have to forego his dreams of being a civil engineer, or will Mary be deprived of the musical training she has been looking forward to? Will they be compelled after school years are passed to take their places with the underpaid men and women, untrained, without a vocation?

Plan now, when they are young. Bank your money—or better still, deposit a little to their credit in this bank regularly, and when the time comes there will be no necessary "skimping" to start them off right.
